CAL-ALHFA 2020 Virtual Vision
HOUSING for EVERYONE
October 21, 2020

Welcome to CAL-ALHFA's 2021 Virtual Conference HOUSING FOR EVERYONE. In the next information-packed three hours we are going to hear from several of California's most influential and articulate affordable housing leaders about what they expect 2021 to bring for affordable housing. More importantly, they will be providing guidance on how YOU can better design your own programs and projects, and how YOU can influence California housing policy in 2021.

Following Senator Scott Wiener's keynote conversation, senior housing staff from the State Department of Housing and Community Development, the California Housing Finance Agency, the California Tax Credit Allocation Committee and the California Debt Limit Allocation Committee will report on last year's accomplishments and take a look forward to 2021. Finally, key consultants and legislative advocates will also look back at the disappointments and successes of 2020 and make their own projections about what might be on the 2021 horizon.

Throughout the Conference, we will be acknowledging our sponsors and taking questions from the audience. We hope you enjoy this CAL-ALHFA Virtual Conference, and make your own plans about how you can help provide HOUSING FOR EVERYONE in California.
